**EQUINE PRODUCTS UK LTD BROCHURE**

*Entering into its 42<sup>st</sup> Year in Business*

## Equine Products UK Ltd – OUR TEAM

**Entering into its 42nd year in business in 2023, Equine Products UK Ltd represents success, loyalty and quality. Our team bring the same values as our products and our family orientated approach to business and our working days, is what we represent and strive for.**

Our Company Secretary Ian has been with Equine Products for an incredible 37 years and has witnessed amazing growth and change over the decades. Ian ensures the financial stability of the business, so we can support our customers globally, continue to grow and support the thousands of customers and supported riders that are helped and serviced by Equine Products UK Ltd.

When our customers place orders the office and distribution centre go into action. Our Office Manager Karen, together with Lucy our Customer Service Officer, are always available to support with processing orders, looking after customer queries, administration, and marketing. They are passionate at solving any problem that may arise and always do so professionally and with a typical Geordie smile.

Proudly overseeing the best organised warehouse in the business, is Steve who is supported by Harry and Kevin with the guys picking, packing and distributing hundreds of orders a week to over 48 countries around the globe and supported with additional packing and picking staff when required. Steve has been with the company approaching thirteen years, Harry approaching three years and Kevin joining us this year. All are fully qualified with diplomas in warehouse management and distribution operations.

Our Northern Sales Rep and Event Organiser, Marcia, has 6 years' experience with the business and can often be seen in a cold and wet field supporting all levels of competition, events and shows. Marcia has developed her region exponentially and there isn't many shows or events she misses. Amy is our Sales

Rep for the Southeast and she has been with Equine Products UK for approaching two years. When she isn't supporting champion trainers and event riders getting the supplements they need, Amy and her horse Eric, can be seen competing most weekends to a high level.

Our Southwest Sales Rep Alice has recently had her first child, and little Alfie is often modelling our branded wear...our youngest team member! Alice has been with the company now for approaching three years and looks after territories from Cheltenham to Exeter and in between in the Southwest of the UK. Jenny has recently joined us supporting our customers in Cheshire, Northwest and Wales and she comes with a huge experience in the Equine industry. All our sales representatives and account managers have a similar tremendous work ethic and enthusiasm to spread the word of our quality range, and this can be reflected in their respective activities and customer base.

A recent addition to the leadership team is Carl, our Chief Operations Officer who joins us with over 30 years' experience in business operations, retail and e-commerce. Carl's focus is supporting our Sales Reps across the country, leading the business operations and as we grow our digital platforms Carl is seeking out new opportunities for customers to interact with us.

Enda, our General Manager for the last 9 years is relocating to his hometown in Ireland at the end of 2022, and he will be continuing to look after our global sales development. Enda can often be seen in racing yards and with distributors across the world continuing to build and grow the personal relationships with our customers from regions such as Saudi Arabia to Mongolia to New Zealand.

At Equine Products UK Ltd our focus is on quality and that is something we are all proud of.

# NO MORE BUTE

HIGHLY ABSORBABLE & BIOAVAILABLE CURCUMIN

**NO MORE BUTE is a complementary feed supplement for horses containing bioavailable Curcumin.**

NO MORE BUTE is completely stable through the digestive system and delivers Curcumin to the intestinal wall for maximum absorption and effect. No More Bute is up to 185 times more bioavailable than native sourced Turmeric/Curcumin.

## PRODUCT BENEFITS

- ✓ Powerful antioxidant formula
- ✓ Highly Absorbable and Bioavailable Curcumin
- ✓ Supports the recovery process after training and competition
- ✓ Ideal during periods of intensive exercise and recovery
- ✓ No Withdrawal Period

5ltr supplied with pump which dispenses 30ml per each squirt

## DAILY FEEDING INSTRUCTIONS

Add to the normal feed ration and shake well before use.

Competition / Intense Exercise	60ml per day
Maintenance	30ml per day

## COMPOSITION

Sorbitol, Glycerine, Propylene Glycol

<b>ADDITIVES</b>	(per 60ml)
Curcuma Longa L	3,000mg

# NO MORE BUTE

Does exactly what it says on the container...

- ✓ Highly Absorbable & Bioavailable Curcumin
- ✓ Powerful Antioxidant
- ✓ Ideal during periods of Intensive Exercise & Maintenance
- ✓ No Withdrawal Period

# EQUINE OAP

SUPPLEMENT TO AID THE VETERAN HORSE

1.5kg Container  
(30 Measures)

### DAILY FEEDING INSTRUCTIONS

Add 50g per day to the normal feed ration. A scoop is included which dispenses approximately 50g

### COMPOSITION

MSM	10%
Dicalcium Phosphate	20%
Fructooligosaccharides	5%
Brewers Yeast	5%
Magnesium Sulphate	2%

### ADDITIVES

	per 50g	per kg
Vitamin A	30,000iu	600,000iu
Vitamin D3	4,000iu	80,000iu
Vitamin E	1,000iu	20,000iu
Vitamin C	2,500mg	50,000mg
Choline Chloride	800mg	16,000mg
Niacinamide	60mg	1,200mg
Vitamin B1	40mg	800mg
Vitamin B2	40mg	800mg
Calcium-D-pantothenate	40mg	800mg
Vitamin B6	25mg	500mg
Folic Acid	25mg	500mg
Vitamin K3	10mg	200mg
Biotin	8mg	160mg
Vitamin B12	250mcg	5000mcg

Equine OAP is total spectrum complementary feed for older horses.

Providing vitamins, minerals, trace elements, probiotics, prebiotics and a protein source for maintenance of general health and vitality.

## PRODUCT BENEFITS

- ✓ **Digestive Tract Nutrients**  
The Probiotic Saccharomyces Cerevisiae and Prebiotic Fructo-oligosaccharides
- ✓ **Hoof Growth**  
Biotin, Sulphur, Zinc and Copper
- ✓ **Mobility Maintenance**  
Methyl sulphonyl methane, Manganese, Vitamin C
- ✓ **Bone Structure**  
Calcium, Phosphorous, Magnesium, Vitamin C and Vitamin D
- ✓ **Energy and Vitality**  
Full spectrum of B Vitamins
- ✓ **Muscle Maintenance**  
Vitamin E, Selenium yeast and Amino Acids from Inactivated Yeast
- ✓ **Immune Status Maintenance**  
Vitamins A, C, Zinc

PLEASE REMOVE FROM FEEDING A CLEAN 24 HOURS PRIOR TO COMPETITION

### DIGESTIBILITY ENHANCERS

	per 50g	per kg
4b1702 Saccharomyces Cerevisiae (NCYC Sc 47)	1.5 x 10 <sup>10</sup> cfu	3 x 10 <sup>11</sup> cfu

### TRACE ELEMENTS

3b603 Zinc (as Zinc Oxide)	400mg	8000mg
3b503 Manganese (Manganous Sulphate Monohydrate)	400mg	8000mg
3b413 Copper (Copper (II) chelate of glycine hydrate)	100mg	2000mg
3b201 Iodine (Potassium Iodide)	4mg	80mg
Selenium (Selenised Yeast)	1mg	20mg

# FLAIR NASAL STRIPS

GET THAT MARGINAL GAIN TODAY

Developed by Veterinarians, FLAIR Strips are drug-free, self-adhesive nasal strips that promote optimum health of equine athletes, in all disciplines and at every level of competition.

The spring-like action in FLAIR Strips supports the soft tissues over the nasal passages to reduce the tissue collapse that occurs in all horses during exercise.

Horses wearing FLAIR Strips have been shown to use 5-6% less energy during intensive exercise, and supporting the nasal passages during recovery aids with cooling out more quickly.

SCAN HERE TO SEE HOW TO APPLY CORRECTLY

## OR FOLLOW THIS SIMPLE GUIDE BELOW

1 CLEAN AND DRY NOSE, BRUSH HAIR ON NOSE UPWARD

2 BEND SIDE EDGES OF STRIP DOWN ALONG SCORE MARKS

3 REMOVE LINER FROM ADHESIVE ON THE BACK OF THIS GUIDE, ALIGN THE TOP EDGES OF GUIDE AND STRIP AND STICK FRONT OF STRIP TO GUIDE

4 REMOVE PROTECTIVE BACK LINER FROM STRIP, HOLD EDGES OF GUIDE AND CENTRE OVER NOSE WITH RED ARROWS AT TOP EDGE OF NOSTRILS, PRESS STRIP DOWN FIRMLY, ESPECIALLY ALONG EDGES.

5 REMOVE GUIDE, THE BOTTOM EDGE OF STRIP WILL BE POSITIONED 1½" ABOVE TOP OF NOSTRILS.

## PRODUCT BENEFITS

- ✓ Breathe Easier – Flair Strips supports the soft tissues over the nasal passage
- ✓ Reduces Fatigue – More energy available
- ✓ Conserves Energy – 5-7% less energy used during intense exercise
- ✓ Recover Faster – Horses cool out more quickly after exercise when wearing strips
- ✓ Has shown to reduce EIPH in University and racetrack studies

Colours available:

Black/ Blue / Brown/ Orange /Pink / Purple/ Turquoise/White

Available in Singles or 6 packs

# BREEZE-UP

ASSISTS HEALTHY BREATHING

5ltr Container  
(165 Measures)

1ltr Container  
(33 Measures)

Healthy breathing is essential for horses and ponies which may be affected by external factors.

Breeze-Up has been formulated to assist healthy breathing in hostile environments where dust is present. It only contains natural ingredients and can be added to the feed, or fed directly to the horse. Use at the first signs of discomfort.

## PRODUCT BENEFITS

- ✓ Contains eucalyptus and menthol
- ✓ A natural aid to healthy breathing
- ✓ Aids with respiratory issues when dust or pollen are present
- ✓ Suitable for all equines
- ✓ Contains honey and plant extracts

### DAILY FEEDING INSTRUCTIONS

Breeze Up is suitable for feeding to horses with irritated airways.

All horses Feed 30ml twice daily

#### COMPOSITION

Apple Cider Vinegar, Golden Syrup, Garlic, Lemon Juice

<b>ADDITIVES</b>	(per 30ml)
Eucalyptus	300mg
Menthol	12mg

# FREE FLOW

EASY TO USE ONE SHOT SYRINGE

3 x 30g Syringes

Free Flow is a completely new herbal product which has been formulated to aid micturition. The benefit to the horse is that the waste products and toxins may be removed from the animal's system more quickly.

Free Flow contains a unique blend of natural herbal extracts combined in a palatable gel base. Free Flow can be used in conjunction with EIPH which has been used in the field for a number of years and has been found to assist in the maintenance of a healthy circulatory system.

## PRODUCT BENEFITS

- ✓ 100% herbal product containing bearberry, marshmallow root, cornsilk and juniper
- ✓ Easy to use one shot syringe
- ✓ Aids removal of excess fluids
- ✓ Beneficial to keep the animal's mouth sponged moist after use and before competition
- ✓ Use in conjunction with Extra Inputs for Performance Horses (page 27) for maximum results

### DAILY FEEDING INSTRUCTIONS

Orally administer to the back of the mouth.

One 30g syringe 3 - 4 hours prior to intensive exercise.

#### COMPOSITION

Bearberry, Cornsilk, Glucose Syrup

<b>ADDITIVES</b>	(per 30g)
Juniper	2,900mg
Marshmallow Root	2,900mg

# CALAVITE

CALCIUM & VITAMIN D FEED BALANCER

4kg Tub

10kg Tub

**Calcium is the key to strong and healthy bones. It is also essential for the proper function of the nervous system.**

Calavite was developed to assist in the maintenance of healthy levels of Calcium, by also including in the formulation a carefully calculated proportion of Vitamin D3 and Vitamin A which aid absorption and utilisation of Calcium.

An ideal supplement for foals, young stock and lactating mares.

## PRODUCT BENEFITS

- ✓ Assists in establishing healthy bones in foals and young stock
- ✓ Contains a balanced proportion of Vitamin D3 and Vitamin A
- ✓ Particularly important for horses being fed oats or barley, which can disrupt ideal Ca/Ph ratios due to high levels of Phosphorous
- ✓ Economical product with future benefits
- ✓ 4kg can last one horse up to 160 doses
- ✓ 10kg can last one horse up to 400 doses

## DAILY FEEDING INSTRUCTIONS

Lactating mares	50g
Stallions at stud / horses in training & work	40g
Foals after weaning	25g
Ponies	15-25g

## COMPOSITION

Calcium Carbonate	99.8%
<b>ADDITIVES</b>	(per 50g)
Vitamin A	25,000iu
Vitamin D3	5,000iu

# CAL-PHOS

CALCIUM & PHOSPHORUS FEED ADDITIVE

4kg Tub

20kg Tub

10kg Tub

**Calcium and phosphorous are two of the most important macrominerals in terms of quantity required by horses, but it is the ratio of these elements which is crucial.**

This is particularly important where horses are fed a diet with high grain intake as grains can have a ratio of phosphorous to calcium as high as 6 to 1. Calcium is essential for development of strong bones. Regular feeding of Cal-Phos can assist in the maintenance of a balanced ratio of 2 calcium to 1 of phosphorous in the diet as a whole and can help to supply essential salt.

## PRODUCT BENEFITS

- ✓ Helps to maintain calcium/ phosphorous balance
- ✓ Assists in supplying essential salts
- ✓ Ideal for foals and yearlings to aid skeletal development
- ✓ Ideal for mares in foal and lactating mares
- ✓ Extremely economical product with long term benefits
- ✓ 4kg can last one horse up to 80 doses
- ✓ 10kg can last one horse up to 200 doses
- ✓ 20kg can last one horse up to 400 doses

## DAILY FEEDING INSTRUCTIONS

Horses	100g
Foals and Ponies	50g

## ANALYSIS

Calcium Carbonate	50%
Dicalcium Phosphate	25%
Sodium Chloride	25%

# MUSCLE MAKER

HIGH ANTIOXIDANT AND HIGH ENERGY  
MUSCLE BUILDING SUPPLEMENT

1kg Tub (20 Measures)

**Muscle Maker is used to aid muscle mass development. It is ideal for maintaining peak performance throughout the season and for bringing on slow developers.**

It contains a natural, high energy body building source and a high concentration of key ingredients to aid muscle development.

## PRODUCT BENEFITS

- ✓ Ideal for maintaining peak performance throughout the season
- ✓ High concentration of antioxidants for muscle support and development
- ✓ High concentration of HMB and Gamma Oryzanol for power and muscle growth
- ✓ High concentration of Vitamin C for improved immunity
- ✓ No Withdrawal Period

## DAILY FEEDING INSTRUCTIONS

Add to the normal feed ration 50g per day

A scoop is enclosed in each pack - each scoop contains approximately 50g.

COMPOSITION		(per 1kg)	
Calcium-Hydroxy-Methyl Butyrate Monohydrate		50,000mg/kg	
Gamma Oryzanol Powder from Rice Bran		65,000mg/kg	
ADDITIVES		(per 1kg)	
Vitamin E	50,000iu	Calcium D-pantothenate	200mg
Vitamin C	50,000mg	Vitamin B2	160mg
Lysine HCL	30,000mg	Vitamin B6	60mg
Methionine	20,000mg	Folic Acid	20mg
Niacinamide	5,000mg	Vitamin B12	3,000mcg
Vitamin B1	3,000mg		

Baaeed – Champion & Multiple Group 1 Winner – Trainer by William Haggas

# OPTIMA BCAA POWDER

BRANCH CHAIN AMINO ACID POWDER FOR MUSCLE PROTECTION & DEVELOPMENT

500g Tub

Optima BCAA is a unique combination of the branch chain amino acids L-Valine, L-Leucine and L-Isoleucine as well as the conditionally essential amino acid L-Glutamine.

Branch Chain Amino Acids constitute about one third of a horse's muscle mass. They are essential to maintaining the integrity of the musculature during periods of intensive exercise and competition.

Supplementation with Optima BCAA can assist in reducing incidents of exercise induced muscle damage.

## PRODUCT BENEFITS

- ✓ Supports muscle growth
- ✓ Assists in delaying onset of lactic acid
- ✓ Helps reduce fatigue
- ✓ Enhances muscle recovery
- ✓ 500g tub lasts approximately 20-day course per horse

## DAILY FEEDING INSTRUCTIONS

Routine use	12.5g twice daily
For 4 days prior to, and two days after competition	25g twice daily

One heaped scoop (included in tub) = approx. 12.5g

## COMPOSITION

Calcium Carbonate, Dextrose, Maize Starch, Glutamine Peptides

ADDITIVES	(per 12.5g)
L-Leucine	5,000mg
L-Valine	4,200mg
L-Isoleucine	1,800mg

# OPTIMA BCAA PASTE

BRANCH CHAIN AMINO ACID PASTE FOR MUSCLE PROTECTION & DEVELOPMENT

3 x 57g Syringes

Branch Chain amino acid supplementation has been shown to delay the onset of fatigue and the build up of lactic acid.

Supplementation of BCAA can help to reduce protein and muscle break down during periods of intensive exercise.

## PRODUCT BENEFITS

- ✓ Delays the build up of lactic acid
- ✓ Improves performance and general well being
- ✓ Stimulates the building of proteins in muscles
- ✓ Helps reduce fatigue
- ✓ Easy to use Syringes in palatable Vanilla flavour

## DAILY FEEDING INSTRUCTIONS

GUIDELINES FOR PROPER USE	Add ½ syringe to the morning feed and ½ syringe to the evening feed
For 4 days prior to competition, and one day after competition	Add 1 syringe to the morning feed and 1 syringe to the evening feed

## COMPOSITION

Glycerine, Glutamine peptides

ADDITIVES	(per kg)
L-Leucine	172,000mg
L-Valine	144,000mg
L-Isoleucine	62,000mg

# COOL IT PASTE

CALMING PASTE THAT'S PURE MAGIC

1 x 30g Syringe

**Cool It Paste is a complementary feedingstuff for horses containing L-Tryptophan, Magnesium, Vitamin B1 and the Probiotic Saccharomyces Cerevisiae.**

It should be fed to horses as a nutritional adjunct during times of increased stress factors such as travel, competition, changes in training regime or stables and external factors which could increase nervous tension such as fireworks, loud noises, crowds, or attending the farrier or veterinary surgeon.

## PRODUCT BENEFITS

- ✓ Contains L-Tryptophan / Magnesium and Vitamin B1
- ✓ Also contains a probiotic Saccharomyces Cerevisiae
- ✓ Easy to use one shot syringe
- ✓ No Withdrawal Period
- ✓ Palatable banana flavour

## DAILY FEEDING INSTRUCTIONS

Administer 1 full syringe 3-4 hours before requirement

## COMPOSITION

Canola Oil, Magnesium Oxide in chelated form, Natural Fruit Flavour (Banana)

ADDITIVES	(per 30g)
L-Tryptophan	1,200mg
Vitamin B1	60mg

## DIGESTIBILITY ENHANCER

4b1702 Saccharomyces Cerevisiae 1 x 10<sup>10</sup> CFU, (NCYC SC 47)

## ANALYTICAL CONSTITUENTS

Crude Protein	5.08%
Crude Oil	54.3%
Crude Fibre	0.2%
Crude Ash	24.5%
Sodium	0.165%
Magnesium	8.6%

# COOL IT POWDER

CALMING POWDER THAT'S PURE MAGIC

900g Tub (30 Doses)

**Cool It Powder is a complementary feed for horses, which is suitable for feeding as a nutritional adjunct in the following circumstances;**

- Stress factors such as travel or competition
- Changes in training regime or stables
- Prior to firework occasions, loud noises, crowded events or attending the vet or farrier
- As a maintenance ration fed to nervous or unmanageable horses

## PRODUCT BENEFITS

- ✓ Contains L-Tryptophan / Magnesium and Vitamin B1
- ✓ Also contains a probiotic Saccharomyces Cerevisiae
- ✓ Palatable powder and 1 scoop per day
- ✓ No Withdrawal Period

## DAILY FEEDING INSTRUCTIONS

Feed 30g per day. 1 scoop is included and weights approximately 30g

## COMPOSITION

Magnesium Oxide in Chelated form, Calcium Carbonate, Maize Starch, Dextrose, Mannan-oligosaccharides

ADDITIVES	(per 30g)	(per 1kg)
L-Tryptophan	2,000mg	66,700mg
Vitamin B1	60mg	2,000mg

## DIGESTIBILITY ENHANCER

4b1702 Saccharomyces Cerevisiae 4.5 x 10<sup>11</sup> CFU, (NCYC SC 47)/KG

ANALYTICAL CONSTITUENTS	(per 1kg)
Crude Protein	13%
Crude Oil	<0.5%

# SAND SHIFTER

PSYLLIUM - ASSISTS REMOVAL OF SAND & SOIL PARTICLES IN THE GUT

CHECK OUT HOW SAND SHIFTER WORKS

**Sand Shifter contains psyllium husk powder, a revolutionary bulk forming natural fibre derived from psyllium seed.**

Once in the horse's digestive tract, psyllium forms a fibrous gel which adheres to the sand particles preventing them from staying in the gut and causing potential blockages. Its bulk forming capacity encourages movement by peristalsis, aiding the removal of blockages from the horse's digestive tract.

Aniseed flavouring normally irresistible to horses has been added to increase palatability.

## PRODUCT BENEFITS

- ✓ Contains kaolin to aid the whole digestive process
- ✓ Specially formulated for horses or ponies grazing sandy loams or short grass
- ✓ Highly palatable, assists in easing the movement of sand particles through the gut
- ✓ Unique aniseed flavouring irresistible to horses

## DAILY FEEDING INSTRUCTIONS

For a 500kg horse feed 150g of powder for 4-5 days. Once the sand particles have been eased through the gut the horse may require feeding for a further 2-3 weeks to rid the colon of sand.

For horses grazing sandy loams or short cropped grass	50g twice daily for seven consecutive days, once every 3-4 weeks or as directed by your veterinary surgeon.

# TRANSVITE PASTE

HIGH CONCENTRATION PROBIOTIC PASTE - ESSENTIAL ADDITIVE FOR YOUNG STOCK

3 x 30ml Concentrated Paste

**Beneficial and harmful bacteria exist in a fine balance in the intestines of every animal. This balance can be upset at times of stress.**

TransVite helps to promote and maintain a healthy digestive system enabling all animals, prone to stress, maintain condition and energy levels. It also helps to give young stock the best possible start in life by helping to establish healthy levels of beneficial gut bacteria. It also contains pectin and kaolin to maintain normal gut mobility, and prebiotics which are a food source for beneficial bacteria

## PRODUCT BENEFITS

- ✓ Probiotic with high levels of a fast acting and effective strain
- ✓ Assists in establishing beneficial digestion following antibiotic treatment
- ✓ Ideal when used before competition, travel, training and/or diet change
- ✓ Combats stress the natural way and aids with appetite, condition, performance, general health and the digestion of nutrients
- ✓ Beneficial to young stock when used after birth and during weaning
- ✓ One 30g syringe contains 6 x 5g doses

## DAILY FEEDING INSTRUCTIONS

Feed 5ml per day

## COMPOSITION

Fructo Oligosaccharides, Mannan Oligosaccharides, Pectin

ADDITIVES	(per 30ml)
4b1702 Saccharomyces Cerevisiae	8.14 x 10 <sup>10</sup>
Kaolin	7,659 mg

# TRANSVITE EXCEL

THE ULTIMATE GUT BALANCER – UPWARDS OF 250% STRONGER THAN LEADING BRANDS

TransVite Excel Probiotic Powder contains 3,500 million viable natural *Saccharomyces Cerevisiae* organisms per 1g which help supply a healthy balance of micro-organisms in the gut during periods of stress.

It also contains the Prebiotic Fructo Oligosaccharide which is a food substrate for beneficial bacteria in the hind gut.

## PRODUCT BENEFITS

- ✓ High grade Probiotic & Prebiotic containing high levels of *Saccharomyces Cerevisiae*
- ✓ Ideal for digestive function and general well being
- ✓ Keeps your horse happy on the inside and looking well on the outside
- ✓ Raising the bar in Equine Gut Nutrition with this superior new product

## DAILY FEEDING INSTRUCTIONS

Sprinkle powder on food, a scoop is provided in the container - each scoop contains approximately 25g. Feed 5g of TransVite Excel per 100g of bodyweight. Therefore 1 full scoop for 500kg horse.

## COMPOSITION

Fructo oligosaccharides, Calcium Carbonate, Dextrose

<b>ADDITIVES</b>	(per 1kg)

# TRANSVITE GUT BALANCER

PROBIOTIC & PREBIOTIC TO IMPROVE FIBRE DIGESTION

Beneficial and harmful bacteria exist in a fine balance in the intestines of every animal. This balance can be upset at times of stress.

TransVite helps to promote and maintain a healthy digestive system enabling all animals, prone to stress, maintain condition and energy levels. It also helps to give young stock the best possible start in life by helping to establish healthy levels of beneficial gut bacteria.

## PRODUCT BENEFITS

- ✓ High grade Probiotic and Prebiotic to promote a healthy digestive system
- ✓ Helps promote and maintain a healthy digestive system
- ✓ A daily source of beneficial bacteria in an economical way
- ✓ Provides a food source for naturally occurring probiotics already present in the gut
- ✓ Aids in competitive exclusion of pathogenic bacteria

## DAILY FEEDING INSTRUCTIONS

Add to the normal feed ration.

For horses, weanlings and ponies with impaired digestive function	20g per day
For maintenance of a good digestive function	10g per day

A scoop is provided - 1 level scoop = approximately 20g.

# COMFORT GUT

ACTIVATED CHARCOAL

1kg Tub

Comfort Gut is mildly alkaline, ultra smooth pored, very low ash, vegetal carbon, designed specifically for feeding. It absorbs (binds to) toxins in the digestive tract like excess acid and eliminates it from the horses digestive system in the manure.

Comfort Gut can play a role in helping to maintain healthy gastric acid levels and can be fed long term without disrupting acid production which is required to break down food for proper digestion and absorption of nutrients.

Comfort Gut has been shown to contribute to better utilisation of feed with older horses, poor doers, horses under stress and in hard work.

Comfort Gut is isotonically attracted to gas, toxins, impurities and 'dirt'. Comfort Gut binds to them and then carries them out of the horses system in their dung.

## PRODUCT BENEFITS

- ✓ Comfort Gut is isotonically attracted to gas, toxins, impurities and 'dirt', binds to them and carries them out of the horses system in their dung
- ✓ Comfort Gut has been specially selected so that it has such tiny pores at it will not absorb vitamins and minerals
- ✓ On average a 1kg tub lasts the average horse 4 weeks and a pony 6weeks
- ✓ Comfort Gut is FEI and Race Legal and is a totally natural supplement

### DAILY FEEDING INSTRUCTIONS

Horses	2 x 15ml scoops to be given twice daily in feed stuff
Ponies	1.5 x 15ml scoops to be given twice daily in feed stuff
Foals	1 x 15ml scoops to be given twice daily in feed stuff

### COMPOSITION

Vegetal Carbon (Powder Charcoal)

On average a 1kg tub lasts a horse 4 weeks and a pony 6 weeks.

# COMFORT GUT PRO

ACTIVATED CHARCOAL WITH SEAWEED

1.5kg Tub

Comfort Gut Pro is a blend of specially selected seaweed powders designed to support overall health by impacting positively the horse's immune system, digestive system and other body systems.

It has a prebiotic effect (great for horses on antibiotics or oral medications to support gut health through their treatment), alginates which line the gut wall, polysaccharides and other beneficial particles.

It's great for overall health, coat shine, and aids performance and recovery in high level performance horses

## PRODUCT BENEFITS

- ✓ Improved Condition, topline and overall coat shine
- ✓ Improved performance and recovery
- ✓ Positive support for both stallions and broodmares
- ✓ Supports the nervous system resulting in improved behaviour and ride-ability
- ✓ Assisting optimum gut health and function by helping to maintain healthy gastric acid levels
- ✓ Supports horses after antibiotics or oral medications through alginates which line the gut wall
- ✓ Supports a healthy digestive system by being a food source for naturally occurring gut flora
- ✓ Supports older horses
- ✓ Very low in iodine so is suitable for long-term feeding

### DAILY FEEDING INSTRUCTIONS

1 x 50ml scoop = 25 grams

Daily Feeding: 2 x 50ml scoops = 50 grams

\*\* Feeding Rates Based on 500kg horse \*\*

1.5kg lasts the average 500kg horse a month

# GASTRO MAG

FOR HORSES SUFFERING FROM EXCESS ACIDITY  
IN THE STOMACH

1 Litre

(16-33 doses)

**NEW**  
TO THE RANGE  
IN 2023

**GASTRO-MAG is a complementary feed for horses** - which is designed to be fed to horses suffering from excess acidity in the stomach, which can exhibit as windsucking, crib biting, weaving and lack of appetite/condition.

## PRODUCT BENEFITS

- ✓ Aids in the relief of gastric reflux
- ✓ Aids in maintenance of normal stomach pH
- ✓ Improves appetite of horses with excess acidity
- ✓ No withholding period

## DAILY FEEDING INSTRUCTIONS

Add to the normal feed - or feed directly to the horse  
 Adult horses: 60ml. twice daily  
 Foals and weanlings: 30ml. twice daily

## COMPOSITION

Magnesium Hydroxide, Sodium Bicarbonate, Sorbitol, Glycerine

**ADDITIVES** (per 60ml)  
 Mentha piperita 150mg

## ANALYTICAL CONSTITUENTS

# EVERYDAY ELECTROLYTE

ECONOMICAL & DERIVED FROM LOSS OF ELECTROLYTES  
IN HORSES SWEAT

(400-800 doses per horse)

(20-40 doses per horse)

**A highly effective specification derived from the actual loss of electrolytes in horse sweat and formulated for long-term daily use.**

A 50g measure replaces electrolytes lost in 2.5 litres of sweat, during exercise, very hot conditions, travel or after a race or competition.

## PRODUCT BENEFITS

- ✓ Formulation derived from composition of equine sweat
- ✓ Palatable flavour
- ✓ Assists with the movement of glucose to cells for energy metabolism
- ✓ Economical - 400 measures per 20kg tub and can be used for every horse everyday

## DAILY FEEDING INSTRUCTIONS

Horses	50g (one measure)
Foals and Ponies	25g (half measure)

ANALYSIS	(per 50g)
Sodium Chloride	23g
Magnesium Sulphate	9g
Potassium Chloride	7g
Sodium Bicarbonate	4.75g
Dextrose	3.25g
Calcium Carbonate	3g

Access to fresh drinking water is vital when feeding this product.

# RESTORE-LYTE POWDER

ELECTROLYTE WITH HIGH GLYCINE CONCENTRATION  
FOR IMPROVED ABSORPTION, ANTIOXIDANTS AND  
ENERGY REPLACER

(80-160 doses per horse)

(200-400 doses per horse)

(30-60 doses per horse)

**Restore-Lyte is designed to assist with the rapid replacement of ion salts lost through sweating during exercise or very hot conditions.**

The correct balance of ionised body salts (positive and negative) are vital to a horse or pony's wellbeing and the capability to perform at peak levels.

## PRODUCT BENEFITS

- ✓ Helps maintain muscle integrity and energy supply
- ✓ Contains a non-glucose carbohydrate source of constant slow release energy
- ✓ Contains the amino acid glycine which can improve the efficacy of dietary electrolyte supplementation
- ✓ Contains Vitamin C, an important antioxidant
- ✓ Strawberry flavour & colouring and extremely palatable

## DAILY FEEDING INSTRUCTIONS

Glycine	132,500mg
Vitamin C (Ascorbic Acid)	5,000mg

## TRACE ELEMENTS

Zinc (as Zinc Oxide)	2,655mg
Manganese (as Manganous Sulphate)	1,594mg
Iron (as Ferrous Sulphate)	200mg
Copper (as Cupric Chelate of glycine Hydrate)	105mg

Access to fresh drinking water is vital when feeding this product.

# RESTORE-LYTE LIQUID

LIQUID ENERGY REPLACER POST COMPETITION

Restore-Lyte Liquid helps with the maintenance of vital mineral reserves which can be lost by essential tissues during periods of exercise and in extreme weather conditions.

Restore-Lyte Liquid will provide readily available energy to replace muscle glycogen expended during training and competition.

## PRODUCT BENEFITS

- ✓ Readily available energy replacement
- ✓ Restores muscle glycogen levels
- ✓ Fully in solution for quick absorption
- ✓ Helps horses recover from intensive training and competition
- ✓ Economical to use in feed or fed directly to the horse
- ✓ Restore-Lyte Liquid can be fed in conjunction with Restore-Lyte Powder to make Electrolytes more palatable, and boost Electrolyte intake

## DAILY FEEDING INSTRUCTIONS

### LIQUID

Horses in full work 60ml per day

### COMPOSITION

Glucose Syrup, Sodium Chloride, Potassium Chloride, Magnesium Chloride

**ANALYSIS** (per 1Ltr)  
 Calcium Lactate 8,190mg  
 Vitamin C 170mg

Access to fresh drinking water is vital when feeding this product.

# RESTORE-LYTE GEL

EASILY ABSORBED ELECTROLYTE GEL - IDEAL AFTER COMPETITION OR IN TRANSIT

Replacing essential body salts and water loss during sweating and exercise, through a rehydration supplement, assists the horse's ability to remain fit, healthy and able to perform at peak levels.

## PRODUCT BENEFITS

- ✓ Easy to use as a one shot syringe after competition and hard work
- ✓ Helps horses to achieve maximum potential
- ✓ Starts the process of electrolyte replacement after sweating
- ✓ Encourages water consumption

## DAILY FEEDING INSTRUCTIONS

Horses in full work 1 syringe per day

### COMPOSITION

Sodium Chloride, Potassium Chloride, Glycerine, Calcium Carbonate

**ADDITIVES** (per 35g)  
 Citric Acid 160mg

### TRACE ELEMENTS

Manganese 56mg  
 Iron 32mg  
 Zinc 16mg

Access to fresh drinking water is vital when feeding this product.

# COD LIVER

PROMOTES HEALTH, DIGESTION & CONDITION  
HIGH IN VITAMIN D FOR STABLED HORSES

5ltr Container

1ltr Container

Feed as a supplement to the horse's diet to maintain healthy skin, a glossy coat and strong bones.

Cod Liver Oil has been shown to aid in the maintenance of joint mobility and suppleness.

## PRODUCT BENEFITS

- ✓ Cod Liver Oil is rich in vitamins A & D
- ✓ Helps promote a shiny, glossy coat
- ✓ Helps maintain supple joints
- ✓ Contains vitamin A which is important for vision, reproduction and digestion

Pump available that supplies 30ml per squirt

## DAILY FEEDING INSTRUCTIONS

Horses	30 - 45ml
Ponies	15 - 30ml

ANALYSIS (per 1ltr)  
100% Blended Cod Liver Oil

# LINSEED OIL

PROMOTES HEALTH, DIGESTION & CONDITION

5ltr Container

1ltr Container

Linseed Oil is renowned for its properties as a mild digestive aid. Fed on a regular basis it promotes a glossy, healthy coat. It also contains a high level of the essential fatty acids, Omega 3 and Omega 6. Omega 3 and Omega 6 are essential for healthy cell membranes.

## PRODUCT BENEFITS

- ✓ Linseed Oil is ideal when showing or competing
- ✓ Contains essential fatty acids, Omega 3 and Omega 6
- ✓ Gets horses into peak condition with a glossier coat
- ✓ Helps improve muscle tone, fitness and overall performance

## DAILY FEEDING INSTRUCTIONS

Horses	40 - 60ml
Ponies	20 - 40ml

ANALYSIS (per 1ltr)

# GARLIC GRANULES

HIGH GRADE & TOP QUALITY GRANULES

2.5kg Packet

1kg Packet

Garlic Granules is the natural way to promote your horse's good health. Now it is supplied in a simple to use re-sealable foil pack. Feeding garlic may help maintain respiratory function.

## PRODUCT BENEFITS

- ✓ Easy to use resealable foil bag
- ✓ Quality Grade A garlic granule
- ✓ Ideal as an appetite stimulant
- ✓ Aids with the respiratory tract maintenance
- ✓ 1kg bag can last 50 days and 2.5kg bag can last 125 days

### DAILY FEEDING INSTRUCTIONS

Garlic Granules	20 - 40g per day
1 - 2 scoops mixed into feed	

### COMPOSITION

100% pure Garlic Granules

# GARLIC NECTAR SYRUP

AN EXCELLENT APPETITE STIMULANT & ENERGY SOURCE

4kg Tub

20kg Tub

1kg Tub

Garlic is well known for its health-giving properties and can be fed both in winter for extra air power, and in summer as an aid in reducing stable fly populations.

Sorbitol is an excellent additive to the feed of competition horses as it has been proven to enhance the natural absorption of B Vitamins which are essential for red blood cell synthesis and energy generation.

Glucose Syrup & Golden Syrup combined provide a natural source of energy and vitality and are ideal for feeding to shy feeders to encourage a healthy appetite.

## PRODUCT BENEFITS

- ✓ **Garlic Oil** – Garlic is known for its health-giving properties. It can be used in winter for extra air power and in summer as an aid in reducing stable fly populations.
- ✓ **Sorbitol** – Known to enhance the absorption of B Vitamins
- ✓ **Golden Syrup** – An excellent appetite stimulant for picky eater
- ✓ **Glucose Syrup** – Concentrated energy source

# BIO-TRITON ZMC ADVANCED

ESSENTIAL BIOTIN, TRACE ELEMENTS & AMINO ACIDS  
- MAINTAINS HEALTHY HOOF GROWTH

4kg Tub (160 Measures)

1.5kg Tub (60 Measures)

**Bio-Triton ZMC Advanced is a complementary feedingstuff for Horses, which contains high levels of Biotin - an essential vitamin for the maintenance of good hoof quality.**

It also contains Methionine and Cysteine which are Amino Acids with a very high Sulphur content. Sulphur is required for the keratinisation of the hoof. This product supplies significant levels of Zinc, and Calcium, the inclusion of which can nutritionally assist in ensuring correct and balanced growth of the hoof.

## PRODUCT BENEFITS

- ✓ Contains two Sulphur containing Amino Acids Methionine and Cysteine, essential for Keratin formation
- ✓ Contains high levels of Biotin and Zinc to promote hoof growth
- ✓ Can take upwards of five months to show complete new hoof growth
- ✓ Designed to aid healthy hooves and encourage growth

## DAILY FEEDING INSTRUCTIONS

All horses and ponies 25g  
Continue to use until hoof growth is satisfactory

ANALYSIS	(per 25g)
Biotin	30mg
Methionine	5,000mg
Cysteine	400mg
Zinc (as Zinc Oxide)	300mg
Copper (as Cupric Chelate of Glycine Hydrate)	100mg

# FARRIERS FRIEND HOOF OIL

HOOF DRESSING MADE FROM HIGH QUALITY NATURAL WAXES AND OILS

800ml Container with Brush

5ltr Container

20ltr Container

A traditional blend of natural waxes and mineral oils specifically formulated to help maintain healthy hooves and sound hoof growth.

Farriers Friend helps protect the hoof in wet conditions by improving water resistance and in dry, hot conditions it aids moisture retention and natural elasticity. Farriers Friend assists healthy sound hooves all year round.

## PRODUCT BENEFITS

- ✓ Contains natural ingredients
- ✓ Maintains moisture content of the hoof
- ✓ Easy to use for a quality finish
- ✓ Supplied in 800ml container with brush and also refill sizes of 5ltr and 20ltr
- ✓ Quality product giving a quality glossy and black finish to the hooves

## APPLICATION INSTRUCTIONS

Apply to hoof wall, sole and frog with hoof oil brush.

### ANALYSIS

Natural waxes, Mineral oils

# HOOF HEALTH SPRAY

MAINTAINS SOLE & FROG HEALTH

600ml Bottle

Farriers Friend Hoof Health Spray is a new formulation designed to help prevent sole frog and hoof ailments.

For maximum effect it should be applied twice a day after hooves have been picked out and cleaned. Just two sprays per affected area is all that is required. The solution helps maintain the correct pH levels in the hoof and so reduce pathogenic challenge from hoof bacteria and viruses.

## PRODUCT BENEFITS

- ✓ Unique formulation provides a barrier which keeps hooves clean and dry
- ✓ Contains essential oils, Zinc and Copper
- ✓ Totally natural product
- ✓ Economical & easy to use - approximately 480 applications per 600ml pack
- ✓ Easy to use spray trigger for maximum affect and precision

## APPLICATION INSTRUCTIONS

Use as and when required.

### CONTAINS

Organic acids, Essential oils, Zinc, Copper

# FLEXIVITE HA

FAST ACTING MOBILITY SUPPLEMENT WITH ADDED HYALURONIC ACID

2.5Ltr Container

1Ltr Container

The latest innovation in joint care, FlexiVite HA is founded on new technological breakthroughs that combine the best of the 'tried and tested' ingredients with new chemistry.

FlexiVite is an oral feed supplement which provides a unique combination of biologically active substances known to maintain supple joints in horses. Unique to Equine Products UK Ltd, FlexiVite enhances lubrication, shock absorption and elasticity.

**DO NOT FEED FOR 24 HOURS PRIOR TO COMPETITION IN HORSES RACING DUE TO BHA RULES**

## PRODUCT BENEFITS

- ✓ Combines biologically active substances known to maintain supple joints and form a "cushion like" structure surrounding joints
- ✓ Contains Hyaluronic Acid which maintains viscosity of the synovial fluid
- ✓ Founded on new technological breakthroughs
- ✓ Contains high levels of Glucosamine, MSM, Chondroitin Sulphate and Hyaluronic Acid in highly absorbable forms
- ✓ Also available now in 5ltr with supplied pump dispensing 30ml per dose

## DAILY FEEDING INSTRUCTIONS

60ml per day for the first 7 consecutive days, 30ml per day thereafter.

ANALYSIS	(per 30ml)
D-Glucosamine Hydrochloride	5,000mg
Methyl Sulphonylmethane (MSM)	2,000mg
Chondroitin Sulphate	1,000mg
Phenylalanine	59mg
Aspartic Acid	50mg
Glutamic Acid	36mg
Serine	29mg
Glycine	26mg
Hyaluronic Acid	22mg
Isoleucine	10mg
Leucine	10mg

# MSM

100% PURE MSM - BIOAVAILABLE SULPHUR

1kg Tub (200 Measures)

Methyl Sulphonyl Methane (MSM) is an excellent source of Bioavailable Sulphur, which is vital for the formation of all connective tissue including cartilage in joints.

Sulphur is also a major component of keratin which plays important roles in hoof and hair condition.

**DO NOT FEED FOR 24 HOURS PRIOR TO COMPETITION IN HORSES RACING DUE TO BHA RULES**

## PRODUCT BENEFITS

- ✓ Pure 100% MSM with good palatability
- ✓ Improves performance and general well being
- ✓ Optimises natural recovery time following competition and exercise
- ✓ 1kg Tub supplies 200 doses making this Pure MSM product economical and affective

## DAILY FEEDING INSTRUCTIONS

### GUIDELINES FOR PROPER USE

Methyl Sulphonyl Methane (MSM) should be added to the normal feed ration. 5g twice daily as required

One full scoop (included in each pack) contains 5g.

### COMPOSITION

100% Pure Methyl Sulphonyl Methane

# SELENAVITE E POWDER

THE ULTIMATE FEED BALANCER

Recognised as a comprehensive and effective all-round quality horse and pony feed supplement. Selenavite E is a balanced supplement which provides some 21 micronutrients including trace elements, vitamins and amino acids

There is no better way to assist the ongoing health, wellbeing and good condition of your horse or pony.

## PRODUCT BENEFITS

- ✓ Contains essential vitamins
- ✓ Also contains supplementary amounts of trace elements and amino acids
- ✓ A balanced feed supplement for everyday use, supplying 21 micronutrients
- ✓ Very high in Vitamin E, 2,000mg/day
- ✓ The Ultimate Feed Balancer in supplement form

THE ULTIMATE FEED BALANCER

Selenavite E Liquid is a comprehensive horse and pony feed supplement, specially formulated in a palatable molasses base.

Selenavite E Liquid is a balanced supplement providing essential vitamins, minerals, trace elements and amino acids.

It is designed to deliver an effective daily supplementation in a convenient liquid formulation, ensuring maximum performance from your horse or pony.

## PRODUCT BENEFITS

- ✓ Liquid formulation for rapid absorption
- ✓ A balanced feed supplement for everyday use
- ✓ Provides essential micronutrients for maximum performance
- ✓ Palatable molasses base
- ✓ New improved 5 litre container to maximise stability and nutrient efficiency
- ✓ Dispenser pump available with 5ltr which dispenses 30ml per dose

# COPPER-TRITON

SUPPLEMENTAL COPPER TO ASSIST PERFORMANCE, GROWTH AND DEVELOPMENT IN DEFICIENT AREAS, WITH ESSENTIAL VITAMINS AND HIGH IN VITAMIN E

Coppertriton is a vital vitamin and mineral nutritional supplement containing essential Vitamins E, B6, Folic Acid and B12. Most importantly, it contains very high levels of organically chelated Copper, as well as Manganese and Zinc.

It is well recognised that there is a need for a supplementary source of copper for horses and ponies aiming for high levels of performance.

## PRODUCT BENEFITS

- ✓ Copper-Triton contains high levels of chelated copper required for synthesis of connective tissue, red blood cell production and healthy hair and hoof condition
- ✓ More Red Blood Cell production means more oxygen to the muscles
- ✓ Organic Copper is absorbed quicker and more efficiently
- ✓ Contains B Vitamins for energy metabolism and helps support maximum performance

### DAILY FEEDING INSTRUCTIONS

Vitamin B12	48mcg

TRACE ELEMENTS	
Copper (as Cupric Chelate of glycine hydrate)	100mg
Zinc (as Zinc Oxide)	10mg
Manganese (as Manganous Sulphate)	5mg

# COPPER-TRITON MULTI-BOOST

HIGH LEVELS OF ORGANIC COPPER WITH VITAMINS AND TRACE ELEMENTS AND HIGH IN VITAMIN E

10 x 50g Sachets

Copper is an important mineral as it is used in the creation and maintenance of elastic structures such as connective tissue.

Copper is especially important in young growing horses, as bone collagen is one of the structures that relies on the presence of copper to develop correctly.

Copper-Triton Multiboost in daily easy feeding sachets is designed for supplementation to horses with very low copper status.

## PRODUCT BENEFITS

- ✓ Copper-Triton Multiboost contains the same important nutrients as Copper-Triton, but contains significantly more copper for feeding to horses with low levels of this essential trace element
- ✓ Aids performance and wellbeing
- ✓ Supplies nutritionally significant amounts of organic copper and trace minerals and vitamins
- ✓ Copper helps create red blood cells which in turn carry oxygen throughout the horse's body
- ✓ Easy to use one dose sachet per horse

### DAILY FEEDING INSTRUCTIONS

Copper-Triton Multiboost may be used as an extra copper boost when required

Horses in training	50g per day

Copper (as Cupric Chelate of glycine hydrate)	300mg
Zinc (as Chelate of amino acids hydrate)	10mg
Manganese (as Chelate of amino acids hydrate)	5mg

# DMG 6000

HIGH CONCENTRATION DMG FOR OXYGEN UTILISATION & LACTIC ACID CONTROL

1kg Tub

Dimethylglycine is an amino acid metabolite. Body cells produce this substance during the processing of the methionine amino acid.

It is classified as a metabolism enhancer or an ergogenic substance, which means that it is an essential part of general body function.

## PRODUCT BENEFITS

- ✓ Improves oxygen and nutrient flow in cells thus reducing lactic acid production and fatigue
- ✓ Enhances energy levels
- ✓ Aids in recovery from strenuous exercise
- ✓ Ideal for High Level Performance with High Concentration of DMG

### DAILY FEEDING INSTRUCTIONS

**Feed 30g twice daily** – in competition, racing and endurance

**Feed 30g once daily** – for moderate exercise and competition

<b>ADDITIVES</b>	<b>(per 30g)</b>
Dimethylglycine	6,000mg

# EXTRA INPUTS FOR PERFORMANCE HORSES

CONTAINS HIGH LEVELS OF MAGNESIUM, ARGININE, VITAMIN C AND HESPERIDIN

1.5kg Tub (30 Measures)

Extra Inputs for Performance Horses is a complementary feed for horses designed to be fed to performance horses for the maintenance of a normal respiratory system.

Containing high levels of Arginine, Magnesium, Vitamin K, C, B6 & B12 and Folic Acid and Hesperidin, this can be used on a daily basis for maintenance of the respiratory system. The addition of citrus bioflavonoids will help maintain capillary elasticity and flexibility with the aim of assisting performance and well being.

## PRODUCT BENEFITS

- ✓ Very high levels of Vitamin C as antioxidant support
- ✓ Citrus bioflavonoids added at 50,000mg per kg to aid elasticity of capillaries
- ✓ Arginine and Magnesium for maintenance of normal blood pressure
- ✓ Vitamin K which can assist in maintenance of normal blood clotting processes
- ✓ Use in conjunction with Freeflow (page 09) for maximum results

### DAILY FEEDING INSTRUCTIONS

Daily (approximately 1 scoop) 50g per day

#### COMPOSITION

Magnesium Oxide, Hesperidin from Citrus Bioflavonoids

<b>ADDITIVES</b>	<b>(per 50g)</b>
Vitamin C	10,000mg
L-Arginine	5,000mg
Vitamin K3	100mg
Vitamin B6	100mg
Folic Acid	60mg
Vitamin B12	1,000mcg
Chelated Magnesium	5.51%

# HAEMAVITE B PLUS

IRON & B VITAMIN TONIC FOR ENERGY AND RECUPERATION  
 – ALSO AVAILABLE IN CONVENIENT SACHETS

This highly palatable supplement is designed to assist in the maintenance of healthy blood levels and contains four key elements in an appetising syrup base.

It is routinely fed prior to races or competition to assist maximum levels of essential blood nutrients needed by horses and ponies when in hard work. Additional amounts should be fed only on veterinary advice.

## PRODUCT BENEFITS

- ✓ Contains Vitamins B6, B12, and Folic Acid; as well as Iron which is rapidly absorbed in the gastro-intestinal tract
- ✓ Assists with energy metabolism and red blood cell production
- ✓ Encourages poor feeders in an appetising flavour
- ✓ Available in 50g sachets as an additional booster when required

Iron	1,000mg
Copper	42mg

# HeamaVite B Plus gives you wings...

- ✓ Fast Absorbing Iron for Rapid ENERGY
- ✓ Vitamin B6 & B12 for Red Blood Cell production and Metabolism
- ✓ Appetising flavour to encourage poor feeders
- ✓ Perform & Recover with Haemavite B Plus

# IRON PLUS PASTE

IRON TONIC

6 x 30ml Syringes

Iron Plus paste is a complementary feedingstuff containing Iron for all performance animals.

Iron is needed for Red Blood Cell formation and other metabolic functions relating to exercise.

## PRODUCT BENEFITS

- ✓ Fast absorbing Iron for maximum performance and recovery
- ✓ Palatable flavour in an easy to use syringe
- ✓ 1 syringe lasts 3 - 6 days depending upon requirements
- ✓ Easy to use syringe and ideal for when travelling or competing to replace lost energy

### DAILY FEEDING INSTRUCTIONS

Horses: Feed 5ml per day (1 syringe = 6 days)

Camels: Feed 10ml per day (1 syringe = 3 days)

<b>ANALYSIS</b>	(per 30ml syringe)
3b103 Iron	1,290mg

# L-CARNITINE

FOR FAT METABOLISM & LACTIC ACID BUFFER

1kg Tub

**L-Carnitine is an essential co-factor in muscle metabolism, during exercise, forming the transport system which moves fatty acid into the mitochondria (cell furnaces) for energy production.**

L-Carnitine also acts as a physiological buffer in inhibiting the build up of lactic acid, helping delay the onset of fatigue in muscles.

## PRODUCT BENEFITS

- ✓ Increases maximum work output and improves the utilisation of fatty acids
- ✓ Decreases levels of lactic acid build-up
- ✓ L-Carnitine is an essential co-factor in muscle metabolism during exercise and enhances energy supplies

## DAILY FEEDING INSTRUCTIONS

Light work and maintenance	15g twice daily
Endurance (Daily for 4 days prior to competition)	30g twice daily
Racing (Daily for 4 days prior to competition)	45g twice daily

<b>ANALYSIS</b>	<b>(per 30g)</b>
L-Carnitine	5,000mg

# LY-PIC +

NOVEL ANTIOXIDANT WITH VITAMINS FOR ENERGY PRODUCTION

6 x 40g Sachets

**Ly-Pic+ is a complementary feedstuff, packed in convenient daily dose sachets, which should be fed to horses for 3-4 days immediately prior to, and after a race, competition or strenuous exercise.**

Ly-Pic+ contains B-Complex vitamins which are vital for conversion of feed into energy. It also contains Alpha Lipoic Acid - a novel antioxidant and co-enzyme for energy production.

## PRODUCT BENEFITS

- ✓ Convenient daily dose sachet
- ✓ Provides vital B-Complex vitamins necessary for metabolic processes
- ✓ Contains Alpha Lipoic Acid, a novel antioxidant which is both water soluble and fat soluble, protecting the cell against oxidative stress
- ✓ Feed pre and post race / competition to aid with performance and recovery

## DAILY FEEDING INSTRUCTIONS

Horses: Mixed with feed for 3-4 days prior to and after a race, competition or strenuous exercise.	1 sachet daily
--	----------------

<b>COMPOSITION</b>	<b>(per 40g)</b>
Alpha Lipoic Acid	1,300mg
<b>ADDITIVES</b>	<b>(per 40g)</b>
Vitamin B1	550mg
Calcium D-pantothenate	550mg
Vitamin B2	50mg
Niacinamide	40mg
Vitamin B12	150mcg

# MOOD BALANCER

OESTRUS REGULATION BALANCER

**NEW**  
TO THE RANGE  
IN 2023

**MOOD BALANCER is a complementary feed designed to be fed to mares to maintain normal behaviour and temperament, and to ensure that top performance is achieved, during the oestrus cycle.**

The combination of ingredients has been carefully selected to be a nutritious blend of herbal extracts which promotes and aids the mare during season. The ingredients also act as a general supplement for the mare's hormonal system.

## PRODUCT BENEFITS

- ✓ Maintains performance
- ✓ Maintains focus and behaviour during competition
- ✓ Nutritionally supports ease of handling and mare management
- ✓ No withholding period

## INSTRUCTIONS FOR PROPER USE

Mix well with the normal feed ration.  
 Loading Feed Rate 60ml. per day  
 Maintenance Feed Rate 30ml. per day  
 Do not feed during pregnancy, or for 60 days prior to covering.

## COMPOSITION

Magnesium Chloride, Golden Syrup, Chaste Berry, Arctostaphylos uva ursi, Glycerine, Magnesium Chloride, Calcium Gluconate

ADDITIVES	(per 60g)	Analytical Constituents	
3a671 Vitamin D3	6,000iu	Crude Protein	0.2%

Vitamin B6	120mg	Crude Fibre	3.5%
		Crude Ash	4.7%
		Sodium	0.03
		Moisture	49.6%

Cachet winning the Qipco 1,000 Guineas Stakes (Group 1) at Newmarket –  
 Trained by George Boughey and Ridden by James Doyle

# NO TIES

ALKALI PROVIDER - ASSISTS TO NEUTRALISE ACCUMULATED LACTIC ACID

A new scientifically formulated supplement to help relieve the effects of lactic acid build up in race horses, eventers, show jumpers, trotters and horses competing in endurance events.

Accumulation of lactic acid in the blood and muscles can occur in horses that are in rigorous training, or those fed a high concentrate ration. No Ties is an acid base balancer, which will assist in the management of susceptible animals by maintaining the horse's buffer system and easing muscle fatigue.

## PRODUCT BENEFITS

- ✓ Ideal for horses prone to tying up or suffering from muscle stiffness
- ✓ Helps maintain the horses buffer system and ease muscle fatigue
- ✓ New formulation for maximum performance
- ✓ Ideal for all types of horses

### DAILY FEEDING INSTRUCTIONS

Add to the evening feed after exercise	80ml
Add to evening feed after intensive training or competition	110ml

### COMPOSITION

Trisodium Citrate, Sorbitol

ADDITIVES	(per 80ml)
Citric Acid	8,598mg
Vitamin B1	89mg

Access to fresh drinking water is vital when feeding this product.

# PREMIER E

ESSENTIAL ANTIOXIDANT & AMINO ACIDS FOR MUSCLE DEVELOPMENT

## PRODUCT BENEFITS

- ✓ High Vitamin E content for natural peak performance
- ✓ Four key ingredients in a glucose base
- ✓ Assists in the maintenance of fertility in brood mares and stallions
- ✓ Helps to maintain healthy muscle tissue
- ✓ High Concentration of Methionine and Lysine
- ✓ 3,000iu of Vitamin E per day

### DAILY FEEDING INSTRUCTIONS

Horses in training or competition	50g
Breeding stock	50g
Ponies	25g

### ADDITIVES

ADDITIVES	(per kg)
Vitamin E (as a-tocopheryl acetate)	60,000iu
Lysine	55,000mg
Methionine	20,000mg
Selenium	20mg

Premier E is a concentrated Vitamin E supplement for horses and ponies needing the highest levels of nutritional input.

Premier E is a powerful anti-oxidant formula which helps mop up free radicals in the muscle tissue. Premier E also helps build healthy muscles and aids fertility.

# COLD AS ICE

COOLING GEL

500ml Container

“Cold As Ice” – cooling gel is a highly concentrated cooling gel for hot, tired legs, and muscles. Ideal to rub on after strenuous exercise to help ease muscle pain and tension.

## PRODUCT BENEFITS

- ✓ Easy to use application gel after exercise or competition
- ✓ Contains key ingredients to ease tension and soreness after strenuous exercise
- ✓ In a convenient 500ml container for ease of storage and transportation
- ✓ Added Witch Hazel and Arnica for improved cooling and healing

### APPLICATION INSTRUCTIONS

Apply liberally to the affected area. Rinse/wash clean with water after application and apply every four hours, or as required. Ideally store in a cool place.

### PRECAUTIONS:

Do not apply to open wounds/scars/grazes  
Do not apply to eye region  
Flammable and keep away from children

### COMPOSITION

Aqua, Denatured alcohol, Witch Hazel, Menthol, Peppermint Oil, Sunflower Seed Oil, Arnica Montana Flower Extract, Camphor Oil, Tea Tree Leaf Oil.

# RELAX COOLANT

COOL AND SOOTHING LEG & HOOF CLAY

HOW TO APPLY YOUR CLAY

## PRODUCT BENEFITS

- ✓ Contains witch hazel for improved cooling
- ✓ Assists in the relief of swelling, bruising and soreness
- ✓ Ideal for use following exercise or competition
- ✓ A natural 24-hour coolant clay
- ✓ Contains glycerine which makes for easier removal after application
- ✓ Has many and variable uses as a coolant including Hoof Packing
- ✓ Ideal for sore shins, splints, inflamed suspensory, tendons

### APPLICATION INSTRUCTIONS

Spread evenly over affected area by hand. Leave for 24 hours.  
Do not apply to open wounds.

### CONTAINS

Natural Refined Clay  
Witch Hazel  
Eucalyptus  
Aloe Vera  
Glycerine

A coolant clay traditionally for soothing swelling and soreness in tendons, fetlocks, suspensories, cannon bones and shins.

Relax is an ideal coolant for thinly spreading over the legs, following exercise or competition, and is easily washed off with cold water. An entirely natural aqueous clay in a ready to use form, Relax provides a practical solution to constant problems.

# EQUISEPT FLY SPRAY

ALL PURPOSE FLY, HORSEFLY AND PEST CONTROL –  
EFFECTIVE IMMEDIATELY AND UP TO 6 WEEKS AFTER  
APPLICATION

Equisept® fly and pest control spray is a contact insecticide for application against all kinds of flies, horseflies, ticks, mosquitoes, deer louse flies and other pests such as cockroaches, moths, silverfish, spiders, ants, woodlice, beetles and wasps.

Perfect for the horse environment:

- horse stable
- horse box
- horse transporter

## PRODUCT BENEFITS

- ✓ Reliable protection in case of acute pest infestation
- ✓ Effective immediately and long-lasting for up to 6 weeks
- ✓ Perfect for horse stables, transporters, fly rugs and equipment
- ✓ Recommended by veterinarians

## DIRECTIONS FOR USE

Shake the can well before use. Places preferred by flies, horseflies and other pests are treated with Equisept® spray from a distance of approximately 30 cm until the surface is seen to be slightly moist. Stop spraying before the surface gets wet or a running or streaky film appears. If sensitive or polished surfaces are to be treated, first test on a small, unobtrusive area. Ensure adequate ventilation after use. The horse can then be led back into the sprayed environment. The thin coating dries without leaving a stain. There is no unpleasant odour during application. The Equisept® spray kills insects immediately upon contact. Spraying surfaces and objects one-time provides long-term protection for up to six weeks.

# ANIMALINTEX

POULTICE DRESSING

Highly absorbent, multi layered dressing impregnated with mild antiseptic and a poulticing agent.

It is world renowned for its effectiveness and ease of use against a broad range of common equine conditions.

Standard Box of 10

## PRODUCT BENEFITS

- ✓ Promotes faster healing
- ✓ Creates a moist, clean healing environment
- ✓ Dressings can be changed with minimum disruption to the wound
- ✓ Cleaner wound environment
- ✓ Safeguards against re-injury
- ✓ Faster healing
- ✓ Cost effective

# COTTON TISSUE & GAUZE

Equine Products UK Ltd Gauze & Cotton Tissue is a highly absorbent 100% cotton wool with a non-woven fabric cover.

This acts as a high absorption cushioned padding for leg support and wound management.

30cm/500g

45cm/500g

## PRODUCT BENEFITS

- ✓ Available in 35cm or 45cm
- ✓ Economical and affordable
- ✓ Durable and ideal to have in an Equine First Aid Kit for unexpected injuries, cuts and grazes

# COTTON WOOL

100% COTTON – INTERLEAVED

100% cotton and interleaved. 500g net weight. Highly absorbent and ideal for all first aid kits.

500g

## PRODUCT BENEFITS

- ✓ Soft and gentle to the skin
- ✓ Cost effective 500g pack
- ✓ Highly absorbent cotton wool minimises usage
- ✓ Ideal for topical cleansing and swabbing

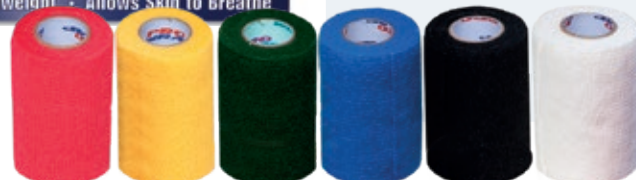

# PRO WRAP

MULTI-FUNCTIONAL COHESIVE BANDAGES THAT HAVE AN ESSENTIAL PURPOSE

ProWrap is a top quality cohesive bandage that is ideal for holding dressings in place or can be used when additional support is needed.

BOX OF 18

## PRODUCT BENEFITS

- ✓ Sold in boxes of 18
- ✓ Available in Red / Yellow / Green / Blue / Black / White
- ✓ Size: 10cm x 4m
- ✓ Economical and durable

# ALUMINIUM SPRAY

New to the Equine Products Range our Aluminium Spray is ideal for cuts/grazes/infected frogs.

## PRODUCT BENEFITS

- ✓ An essential component of every first aid kit, an antibacterial wound spray. Silver in colour upon Application
- ✓ It creates a protective film on cuts, wounds and abrasions to protect against bacterial infection and dirt
- ✓ It helps to create the optimal conditions for better healing

# HYGIENE SPRAY

New to the Equine Products Range our Hygiene Spray is ideal for cuts, grazes and infected frogs. An essential component of every first aid kit

## PRODUCT BENEFITS

- ✓ Active ingredients are Triclosan and Dichlorophen
- ✓ Easy to use spray nozzle
- ✓ Blue in colour for accuracy and identification
- ✓ No prohibited substances

# MANE & TAIL DETANGLER

High quality spray to keep the mane and tail sleek and tangle free, repelling dirt and soft to aid reducing hair breakage.

## PRODUCT BENEFITS

- ✓ Available in 500ml container with spray nozzle
- ✓ Excellent smelling detangler
- ✓ Economical and long lasting to make grooming easier and more enjoyable

### DIRECTIONS FOR USE

Spray as required onto Mane or Tail and then brush out with suitable brush / comb.

# ULTRA SCRUB

A powerful active cleaning solution to use for cleaning skin areas, minor cuts and grazes as well as feed buckets and equipment.

5ltr Container

500ml Container

## PRODUCT BENEFITS

- ✓ Fast acting cleanser containing Tea Tree Oil
- ✓ Available in 5ltr and 500ml containers

### DIRECTIONS FOR USE

Dilute 1 part to 40 parts water  
For heavier soiling, use 2 parts

# SULPHUR CREAM PLUS

MOISTURISING & EMULSIFYING CREAM  
FOR USE ON CRACKED HEALS & MUDRASH

500ml Tub

**Sulphur Cream Plus is a soothing, moisturising, skin conditioning emulsion containing Methyl Sulphonyl Methane, Zinc Oxide and essential oils. Sulphur Cream Plus can be applied on cracked heels, cuts and sores, sweet itch and sore irritated skin.**

As it contains a source of Organic Sulphur, MSM, which provides elasticity and healing repair to skin tissue. Sulphur Cream Plus is suitable for use for skin regeneration, for example to smooth out scars.

PLEASE REMOVE APPLICATION OF THIS PRODUCT A CLEAN 24 HOURS PRIOR TO COMPETITION

## PRODUCT BENEFITS

- ✓ Moisturising and soothing cream
- ✓ Contains MSM, providing elasticity and healing repair to skin tissue
- ✓ Aids skin regeneration and smoothing of scars
- ✓ No prohibited substances

## APPLICATION INSTRUCTIONS

Clean affected area with water and an anti-bacterial wash. Dry with a clean towel / garment.

Apply Sulphur Cream Plus over affected area until completely covered.

Apply twice daily or as required. Store in a cool dry place and for external use only.

## COMPOSITION

Water, Paraffinum Liquidum, Lanolin, Glycerine, Zinc Oxide, Methyl Sulphonyl Methane, Cera Alba, Tea Tree Oil, Rosemary Oil

# VIRKON S

BROAD SPECTRUM DISINFECTANT

10kg Container

5kg Container

50 x 50g Sachets

**The ultimate broad spectrum virucidal disinfectant, proven effective against all 18 virus families affecting man and animals.**

Virkon S is a broad spectrum disinfectant widely tested against viruses, bacteria, fungi and spores. Virkon S is suitable for use in all animal environments including equine stabling and tack, poultry housing for protection against most avian diseases.

## PRODUCT BENEFITS

- ✓ Independently proven effective against viral, bacterial and fungal disease causing organisms
- ✓ Effective on porous surfaces, in hard water, at low temperatures and in the presence of organic challenge
- ✓ Ideal for livestock housing, surface, equipment, water delivery system and aerial disinfection

## APPLICATION INSTRUCTIONS

Add contents of sachet or 50g to 5 litres of water to achieve a 1:100 (1%) solution.

Apply using spray equipment at 300ml per square metre.

Allow for a contact time of 10 minutes. Up to 30 minutes may be required when facing low temperatures, soiling, or for applications requiring DEFRA approved dilutions.

# ZARASYL CREAM

AIDS HEALTHY CONNECTIVE TISSUE GROWTH

200ml Tube

**Zarasyl Equine Cream is an essential skin care product for horses. It is a formulated barrier cream for application to skin of horses.**

Zarasyl contains a proprietary amorphous silica with a molecular structure tailored to provide sustained delivery of orthosilicic acid to the skin.

Silica (SiO<sub>2</sub>) is the oxide of silicon, the most abundant essential trace element in animals after iron and zinc.

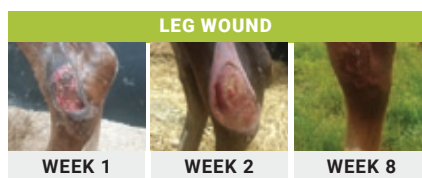

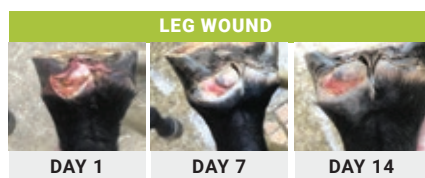

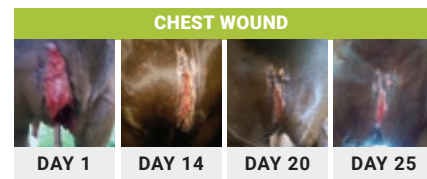

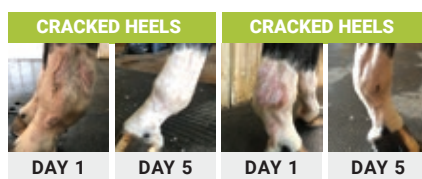

It occurs in crystalline form, such as quartz, or amorphous form, such as bottle glass and the silica found in plants.

Amorphous silica is non-toxic via oral, dermal and ocular routes of exposure.

In water it dissolves to form orthosilicic acid (Si(OH)<sub>4</sub>), the bioavailable form of silicon that's associated with healthy connective tissue growth.

The oil free base ensures a moist, semi-occlusive environment.

## BEFORE & AFTER PHOTOS

## PRODUCT BENEFITS

- ✓ Zarasyl equine is very easy to use and apply, it goes on to the skin and sticks very well
- ✓ Clean and dry the affected area before use, apply the cream liberally once or twice daily
- ✓ Zarasyl contains a proprietary amorphous Silico with a molecular structure tailored to provide sustained delivery of Orthosilicic acid to the skin
- ✓ Orthosilicic acid is the bioavailable form of silicon that's associated with healthy connective tissue growth
- ✓ Excellent healing properties for cuts/grazes/lacerations etc
- ✓ No withdrawal period

## PRECAUTIONS

- For External Use Only
- For Equine Animal Use Only
- Store in Cool, Dry Conditions
- Keep Out Of Reach Of Children

## COMPOSITION

Polyethylene Glycol 3350, Polyethylene Glycol 400, Polyethylene Glycol, Water, Phenoxyethanol, Polysilicic Acid, Sodium Chloride

# ARKLE HEAVYWEIGHT TURNOUT FULL NECK RUG

IDEAL FOR THE WINTER WEATHER

COTTON LINED AND POLAR FLEECE

Full Neck

Standard Neck

## PRODUCT BENEFITS

- ✓ Polypropylene outer shell
- ✓ Standard and Full Neck design available
- ✓ Machine Washable and Durable and extremely economical
- ✓ Tail flap
- ✓ Detachable leg straps
- ✓ Cross surcingles with rubber rings
- ✓ Twin strap fastening

A warm 300g cotton lined rug with polar fleece for comfort and ease of use

### Sizes available:

5'6" | 5'9" | 6' 0" | 6'3" | 6'6" | 6'9" | 7'0"

# COTTON SHEET

A TOUGH AND DURABLE COTTON SUMMER SHEET

## PRODUCT BENEFITS

- ✓ Exceptional quality and value for money
- ✓ This tough, durable cotton summer sheet comes with cross-surcingles, a double front buckle fastening and gusset
- ✓ Can be used as under blanket underneath Comfort Quilts in Winter if required

A tough and durable cotton summer sheet with x-surcingles, double front buckle fastenings and gusset.

### Sizes available:

5'6" | 5'9" | 6' 0" | 6'3" | 6'6" | 6'9" | 7'0"

# MESH & FLEECE COOLER

A SMART AND EFFECTIVE LIGHTWEIGHT MESH COOLER

## PRODUCT BENEFITS

- ✓ Wickable fleece lining for extra comfort and warmth
- ✓ Double belly strap for excellent fit
- ✓ Machine Washable and durable for everyday use
- ✓ Ideal after exercise for application to help cool off whilst remaining warm

A smart and effective lightweight mesh cooler with upper fleece covering for comfort. Wickable fleece lining with double belly strap and is machine washable.

### Sizes available:

5'6" | 5'9" | 6' 0" | 6'3" | 6'6" | 6'9" | 7'0"

## EQUISHINE PRO FLICK GROOMING BRUSH

Equishine Pro Flick is made from 100% natural fibres. With its long bristles the Pro Flick helps you quickly clean your horse by removing surface debris including shavings from the coat, mane and tail.

The outer bristles also absorb the finest dust.

## EQUISHINE PRO QUARTER MARK GROOMING BRUSH

Equishine Pro Quarter Mark is made from alternating rows of 100% horsehair and brass bristles, this brush is designed to be firm so it allows you to direct the hair to create perfect crisp clear cut patterns on the coat.

## EQUISHINE PRO DUST GROOMING BRUSH

Equishine Pro Dust is made from 100% boar bristles which will pull dirt from the depth of the coat and massage your horse's skin. The Pro Dust is firm so it also helps remove stains from greys and produces a fantastic shine when used as part of your daily grooming routine.

## EQUISHINE PRO FINISH GROOMING BRUSH

Our stunning Equishine Pro Finish grooming brush is made from 100% horsehair. The Pro Finish has extra soft tips which will soothe your horse and help bring out their natural oils for a healthy, shiny looking coat. The Pro Finish will absorb the dust and give the coat a mirror like shine.

This beautiful brush has a soft and luxurious leather straps for your comfort. It is made from lacquered beechwood which has been carefully processed from European forests that are sustainably managed and PEFC certified.

## EQUISHINE PRO CLEAN GROOMING BRUSH

Equishine Pro Clean is made from 100% coconut fibres. Perfect for getting mud and dirt out of your horse's coat. The Pro Clean is also superb for removing stains from light coloured coats.

Wooden backed, these brushes slide beautifully into your hand, providing a natural grip for optimum grooming strokes

### BRUSH CARE

- To keep your Equishine grooming brushes performing at their best, please keep them clean and dry.
- Loosen the dirt and hair with a soft curry comb, or a damp cleaning cloth. Work carefully to avoid damaging the bristles.
- Do not wash with household detergents and do not allow the brushes to sit in water. Avoid getting the wooden backs wet.
- Once you have gently washed the bristles, rinse, then pat dry with a clean towel to remove excess moisture and lay them on their side, or bristle side down.
- Do not put near a heat source, allow to dry naturally.
- Make sure the bristles are completely dry before returning the brush back into your grooming kit.

# PREMIUM SHAMPOO

5ltr Container

500ml Container

Premium quality Equine Products UK Ltd Shampoo to keep your horses coat shining and clean. A rich, deep cleansing shampoo at a competitive price.

Available in 500ml or 5ltr containers

## PRODUCT BENEFITS

- ✓ All over equine grooming shampoo
- ✓ Shines and protects
- ✓ Replaces lost natural oils
- ✓ Easy application

## DIRECTIONS FOR USE

Pre-dilute shampoo with up to 20 parts of water prior to use. Pre-wet the coat and apply the shampoo, massage into the skin, then thoroughly rinse off with clean water.

# PRO-WHITENING SHAMPOO

2.5ltr Container

500ml Container

Equine Products UK Ltd Pro Whitening Shampoo is a perfect match for white and light coloured horses.

It can be used to enhance your Horses white socks and markings making them more distinguishable. Specially formulated to enhance white and light coloured coats, the invigorating tropical aroma also has a deep cleansing silk protein conditioner.

Available in 500ml or 2.5ltr containers.

## PRODUCT BENEFITS

- ✓ All over equine grooming shampoo
- ✓ Shines and protects
- ✓ Replaces lost natural oils
- ✓ Easy application

## DIRECTIONS FOR USE

Dilute with warm water at the rate of 1 part Pro Whitening Shampoo to 1 part warm water.

Ensure that the coat has been well groomed prior to application, with no tugs or mats, as this will hold the shampoo and not allow the colour to be thoroughly rinsed out.

Apply the diluted shampoo to the coat and work into a lather, ensuring a complete coverage. Rinse thoroughly to remove all traces of colour to avoid blueing.

# TIGER'S TONGUE

HORSE GROOMER

SCAN HERE TO  
WATCH THIS MAGIC  
SPONGE IN ACTION

A New way to Clean deeply embedded dirt and dung... just like a cat's magical tongue!

Vacuum packed and expands to size. Flexible Scrubber to use wet or dry and is an essential for every grooming kit.

Black

## PLASTIC GIRTH SLEEVE

Disposable plastic girth sleeve. 335m roll and 12.5cm in width, can be cut to size to fit every length of girth.

### PRODUCT BENEFITS

- ✓ Ideal for large yards, to prevent the spread of infection
- ✓ Saves on washing girth sleeves every day
- ✓ Easy to use
- ✓ Economical as saves on the washing and drying process

## HIMALAYAN SALT LICKS

Our Himalayan salt lick is supplied on a rope and weigh approximately 2.5kg. Mined from the ancient deposits in the Himalayan Mountains, this represents the purest of salts and minerals and also provides endless entertainment for the horse either as a hanging item in the stable or placed in the feed manger.

Ideal to encourage water consumption and electrolyte replacement and also as a stimulant in the stable environment.

2.5kg

# CLEANSING WASH

BOTANICA CLEANSING WASH IS A NATURAL ANTISEPTIC WASH DESIGNED TO CLEAN, STERILISE AND SOOTHE THE SKIN

A unique combination of natural herbal ingredients, blended to make a soothing, antiseptic wash for both human and animal use.

### APPLICATION INSTRUCTIONS

Shake well. Dilute two capfuls of Botanica Cleansing Wash in approximately a litre of warm water. Bathe the area with a cloth or sponge. Avoid rinsing off, instead let it soak in for a few minutes, and towel dry the area. It can be used on broken skin and insect bites. After using the Botanica Cleansing Wash, apply the Botanica Herbal cream twice daily.

Available in 500ml and 5ltr containers

# NATURAL HERBAL CREAM

HERBAL AND EFFECTIVE AGAINST A WIDE RANGE ON CONDITIONS

Botanica Natural Herbal Cream can be beneficial on a wide range of skin conditions i.e. cuts, grazes, rain scald, mud rash, cracked sore heels, girt scaled etc. Wounds recover very quickly. It helps keep skin texture smooth and supple. It relaxes sore tendons and soothes muscular aches. The cream contains a natural insect repellent.

### APPLICATION INSTRUCTIONS

After using the Botanica Cleansing Wash, apply the cream twice daily.

Available in sizes; 500ml (with dispensing pump) and 300ml.

# ANTI-ITCH CREAM

BUILT IN NATURAL INSECT REPELLENT

Botanica's Anti-Itch cream helps soothe and moisturise skin conditions such as sweet itch. With it's unique blend of herbal properties it acts quickly and has an in-built natural insect repellent.

Size: 500ml

### APPLICATION INSTRUCTIONS

Wash the affected area with Botanica Cleansing Wash (diluted in warm water) making sure the skin is clean of any dry or dead skin. Leave the Botanica Cleansing Wash to soak into the skin for a few minutes, and do not rinse it off.

Apply the Botanica Anti-Itch cream to the affected area massaging in well. Repeat again after 5 minutes. Treat daily for the first five days and then every second day the following week. There should be no need for any rugs or covers.

Note: If the animal is already itching, the Botanica treatment will give instant relief and stop any itching immediately.

# FLY SPRAY

## TESTIMONIALS FROM TOP PROFESSIONALS

"Transvite from Equine Products UK is a superb probiotic product which helps my horses maintain a healthy digestive system.

I find it helps the horses hold condition and form throughout the year. It keeps them healthy on the inside and looking great on the outside."

**RICHARD HANNON**  
Classic Winning Trainer

"With No Ties I know that my horses won't have muscle problems or stiffness from tying up.

It is an important part of my feeding regime."

**WILLIE MULLINS**  
Champion Trainer

"Since using EPUK supplements I have been delighted with the results and they have been extremely beneficial to our horses performance and recovery. The customer service is second to none and I have so much confidence in Equine Products UK."

**EMMA HYSLOP WEBB**  
Leading UK Event Rider

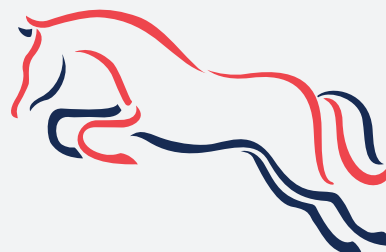

"Of all the products I use, the one that has been great is Haemavite B Plus.

With all the travelling and competing I do, it keeps the horses energy levels up and feeling well all the time."

**HARRIET BIDDICK**  
International Show Jumper & Nations Cup Rider

## TESTIMONIALS FROM TOP PROFESSIONALS

"Equine Products UK offer a superb range of supplements and tonics that I use routinely in my training and feeding programme.

These products are manufactured to the highest standard and represent trust and success for me."

### **KARL BURKE**

Leading UK Trainer

"I use Selenavite E, Restorelyte and Transvite during the competing season and find the results excellent. Ensuring my horses are rehydrated, receiving the correct vitamins and minerals with a healthy digestive system, is of the utmost importance to me."

### **ROSIE FRY**

Leading International Event rider and Blair Winner

"Using Selenavite E from Equine Products UK Ltd ensures my horses have all the vitamin and minerals required with an excellent quantity of Vitamin E daily. It is the perfect Feed Balancer and helps with performance, recovery, and the rigours of training."

### **JOE TIZZARD**

Leading UK National Hunt Trainer

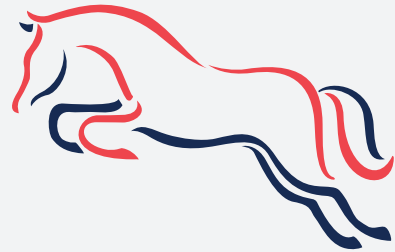

"Top class products from a top class company."

### **KIRSTINE DOUGLAS**

Horse of the Year 2017 Winner

## TESTIMONIALS FROM TOP PROFESSIONALS

"I use and feed a number of Equine Products UK range to all my horses at home, and when competing because it is simple, they work."

### **CAROLINE POWELL**

International Event Rider,  
Olympian & Burghley Winner

"Training racehorses is a difficult business. Ensuring I use the best supplements and electrolytes on the market to get that marginal gain is important for me to maximise my horse's potential and recovery.

Using Equine Products UK Ltd gives me that peace of mind I am using the best, to ensure I get the best results"

### **GEORGE BOUGHEY**

Classic Winning Trainer

"There's a wide range of supplements designed to support horses with specific issues, to great broad spectrum supplements - all of which help keep my string in the best possible condition and give them every chance of success on the racecourse."

### **PAUL NICHOLLS OBE**

Thirteen Times Champion Trainer

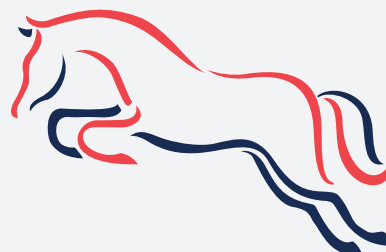

"Cal-Phos from Equine Products UK is an excellent Calcium and Phosphorus product that we feed to all our stock to help with skeletal development and soundness.

In using the Equine Products UK range, Baroda Stud can rest assured that our horses are receiving the best possible start in life."

### **DAVID COX**

Manager of Baroda Stud

## TESTIMONIALS FROM TOP PROFESSIONALS

"Since using EPUK supplements I have been delighted with the results and they have been extremely beneficial to our horses performance and recovery."

**RICHARD HOWLEY**
